

sc\_core::sc\_method  
\_process::next\_trigger

```
graph LR; A["sc_core::sc_method  
_process::next_trigger"] --> B["sc_core::sc_method  
_process::clear_trigger"]
```

A diagram showing a transition from a state to another state. On the left, a gray rectangular box contains the text "sc\_core::sc\_method" and "\_process::next\_trigger". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "sc\_core::sc\_method" and "\_process::clear\_trigger".
