The diagram illustrates a data flow from a single source to two destinations. On the left, a gray rectangular box contains the text 'sc_dt::scfx_ieee_double::msb'. Two blue arrows originate from the right side of this box. The upper arrow points to a white rectangular box on the right containing 'sc_dt::scfx_ieee_double::mantissa0'. The lower arrow points to another white rectangular box on the right containing 'sc_dt::scfx_ieee_double::mantissa1'.
