

sc\_core::sc\_fifo::read

```
graph LR; A[sc_core::sc_fifo::read] --> B[sc_core::sc_fifo::nb_read]
```

The diagram illustrates a data flow where a function call, `sc_core::sc_fifo::read`, is shown in a white box on the left. A blue arrow points from this box to a gray box on the right, which contains the variable `sc_core::sc_fifo::nb_read`. This indicates that the `read` function updates the value of `nb_read`.
