

tlm::tlm_analysis_fifo
::write

tlm::tlm_analysis_fifo
::write

tlm::tlm_fifo::nb_put

```
graph LR; A[tlm::tlm_analysis_fifo::write] --> C[tlm::tlm_fifo::nb_put]; B[tlm::tlm_analysis_fifo::write] --> C;
```

The diagram illustrates a data flow where two separate calls to the `tlm::tlm_analysis_fifo::write` method are directed towards the `tlm::tlm_fifo::nb_put` method. The source boxes are white with black text and borders, while the destination box is gray with black text and a border. Blue arrows indicate the direction of the flow from the sources to the destination.
