

scSimMain

```
graph LR; A[scSimMain] --> B[sc_setRunResult];
```

A diagram showing a call from `scSimMain` to `sc_setRunResult`. The `scSimMain` box is white with a black border, and the `sc_setRunResult` box is gray with a black border. A blue arrow points from the right side of the `scSimMain` box to the left side of the `sc_setRunResult` box.

sc_setRunResult
