

scQtWorker::getReport

```
graph LR; A[scQtWorker::getReport] --> B[sc_getReportFromUI]
```

A diagram showing a call from the function `scQtWorker::getReport` to the function `sc_getReportFromUI`. The first function is in a white box with a black border, and the second is in a gray box with a black border. A blue arrow points from the first box to the second.

sc_getReportFromUI
